

What is the Health Care FSA Rollover?

The Health Care FSA Rollover allows you to **roll over up to \$640** of unused Health Care FSA funds at the end of the plan year, reducing your risk of forfeiting unused money you have contributed.

Funds Available in Addition to Your Election

Rollover funds are available in addition to your annual election, allowing you to maximize your pre-tax savings.

Rollover Funds Roll from Year to Year

As long as your employer's FSA plan continues to allow for rollover of unused Health Care FSA funds, and you maintain your status as a benefit eligible employee, you can continue to roll up to \$640 from year to year.

Now that the #1 hesitation, the risk of losing funds at year's end, has been virtually eliminated, don't miss out on your opportunity to increase your tax savings and net disposable income!
